## Apothecary Bath & Body

In the past year we have seen how Apothecary has gone from strength to strength. With five different fragrances to choose from all containing essential oils, there's something for everyone. Well being, relaxation, self care are at the heart of Apothecary's credentials. Whether it's an instant hit of fragrance or a soothing subtle scent, our range of products and fragrances keep giving. With such an extensive range of products available, helping our customers decide which of the well being products is right for them is key. It may be the customers require a well being regime, something for them, for their home, the for the day or for the night.

Let's remind ourselves what's available:

- Body wash
- Hand wash
- Hand & body lotion
- Hand cream
- Bath oil
- Bath salt
- Pulse point oil

The above are available in different sizes and are perfect for self purchase or a gift. Most importantly, they are available in five definite fragrances, each with its own characteristics title, representative of what our customer can experience whilst using the expertly created products.

### DID YOU KNOW?

*As one of our five senses smell can affect our mood, what we feel, what we think. Smell, more than any of the other senses, has the extraordinary power to revive lost memories*

---

Calm

Fragrance contains essential oils of orange, soothing lavender, clary sage and earthy cedarwood, to calm and relax the senses. Our customers love the calm fragrance; it's not surprising it's our best-selling variant.

## Restore

Fragrance contains essential oils of geranium, cedarwood, refreshing eucalyptus and soothing lavender.

## Balance

Fragrance contains essential oils of grounding vetiver accented by delicate floral notes of geranium and the spicy fragrance of black pepper and cinnamon leaf, which are considered to help balance and promote wellbeing.

## Tranquil

Fragrance contains essential oils of cypress, armoise, thyme and tagetes, considered to have soothing and calming qualities. Also contains hemp seed oil.

## Sleep

Fragrance contains essential oils of lavender, jasmine, vetiver and eucalyptus, which are considered to have restful and relaxing qualities.
