HEAT. EAT. ENJOY!

**HEAT.
EAT.
ENJOY!**

**A DELICIOUS
HOT MEAL
*fast!***

Get ready for an exciting new addition to our FOTM offer! From September Space change we will be landing a new “Heat to Eat” 2ft drop in the fixture, across all stores, that will bring together a tasty selection of products that can all be taken away, heated up and enjoyed from the comfort of your own desk (whether that’s at the office or at home these days!) Just in time for the cooler weather to start, the range will cover all meal occasions, from Breakfast and Lunch, through to Dinner – and we’ve even managed to get the new Mac & Cheese Toastie into the range for launch in selected stores!..

The ultimate indulgent Mac & Cheese Sourdough Toastie is packed with a heavenly combination of pasta, tumbled in our iconic cheesy sauce (the same used in Our Best Ever Mac & Cheese) – a blend of cave aged Cheddar cheese for richness, pecorino for bite, Emmental for nutty sweetness and stringy mozzarella for a perfect ooze!
