COOL COMFORT

What is it?

- Pristine Supima cotton aesthetic
- Cool comfort finish to keep you cool and comfortable
- Breathable cups and no vpl finishes that don't show under clothes
- Contemporary shapes with feminine detailing to modernise the collection

How does it work?

Exclusive to M&S. This technology enhances moisture absorption and dispersion, which increases the cooling comfort of the garments

Where do I find it?

Available in Bras, Slips, Knickers and hosiery
