NO VPL

Why do I want it?

No VPL knickers are designed to not be seen under clothes

How does it work?

- Flat seams
- Free cut legs edges with no seams
- Some have bonded waists to ensure garment stays up.
- Some have narrow elastic at waist so not seen but enable garment to stay up.
- New range coming through for winter with engineered integral waist design.
- Flat Laces

Product details

- Knicker packs with very flat attached elastic
- Single hanging knickers with either bonded waist or narrow elastic waist
- Integrated waist design
- New for Spring Freecut lace
